

Create a simple pouch to let your teachers know how awesome they are! First, print this template out on card stock. Fold along the dotted line. Cut the template out, making sure not to cut the folded portion. When opened, you should have two teacups joined at the center. Cut the tabs off of one of the tea cups. Fold the other tabs in and glue them onto the other half. Allow to dry. Decorate and then fill with a tea bag or a gift card.
